JACK RUSSELL TERRIER
1 hour
fearless
13-16
Jack Russells are small, energetic, and intelligent dogs originally bred for fox hunting. They are highly active and require plenty of physical and mental stimulation. Daily they need to be walked for about an hour. Known for their bold and fearless nature, they are loyal but can be stubborn. Their coats are easy to maintain. They thrive with firm leadership, love to dig and chase. They can live up to 16 years.
