PRESS FOR HUG

The Hug Machine offers customizable hugs tailored to your needs. Using a simple touchscreen, you can choose the duration, intensity, temperature, and even add soothing sounds like calming music or comforting voices. Whether you prefer a brief, gentle squeeze or a long, warm embrace, the hug adjusts to how you feel. With automatic disinfection and a privacy screen, the experience is both safe and personal. A moment of warmth and connection—right when you need it most.
